

Qualex's **Artificial Intelligence Content Services** offers a scalable, personalized way to reach high value customers, create specific messaging to influence a voting public, and build affinity within a sports team and athletes' fan base - utilizing Qualex's **IQ Solutions™** for Government, Retail, Gaming, and Sports.

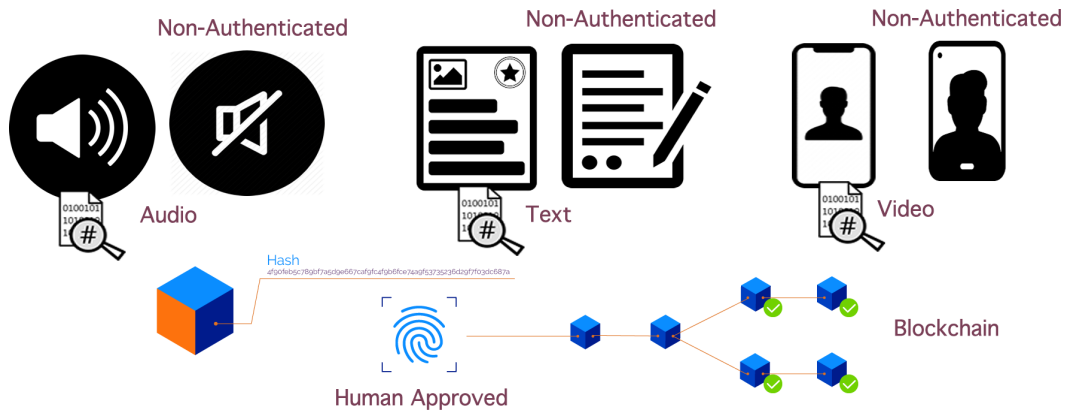

Prevent Deep Fakes of Written, Voice, and Video Content

Project Based Collaboration

Introducing AI-Signature.

What if you could prevent unauthorized publishing of your voice, face, or written content by using the power of blockchain technology. This would allow for confirmation of every piece of AI generated content - audio, written, and video is authorized by you. Always human approved.

Use AI-Signature.com to prevent malicious AI content – written, audio, and video to be passed to the public.

Contact Qualex for a demo today.
